**Religious Liberty**

Pray that our Religious Liberties will continue until all are sealed, because it won't continue much longer.

The fundamental principle of Roger Williams's colony was "that every man should have liberty to worship God according to the light of his own conscience."—Ibid., vol. 5, p. 354. His little state, Rhode Island, became the asylum of the oppressed, and it increased and prospered until its foundation principles—civil and religious liberty—became the cornerstones of the American Republic. - GC 295.1
